

BOX CONTENTS

- 2 amplified stereo speakers
- 1 carrying case
- User Manual

CONNECTING THE SPEAKER SYSTEM TO AN AUDIO SOURCE

1. Switch off your computer.
2. Connect the green male mini-jack connector on the connection cable to the **Audio out** connector on your audio source.
3. Connect the USB power connector to your computer's USB port.

USING THE SPEAKER SYSTEM

1. Make sure that:
 - the speaker system is switched off (the LED is off),
 - the **Volume** knob is at its minimum setting.
2. Switch on the audio source you wish to use.
3. Switch on your speaker system by turning the **Volume** knob (also the On/Off function). The LED lights up.
4. Adjust the volume using the **Volume** knob.

When you connect an audio source to the **Line In** plug on your speaker system, the main audio source is disabled.

When you connect headphones to your speaker system, the satellites are automatically cut off and only the headphone output is enabled.

TECHNICAL SPECIFICATIONS

Power supply	USB
Frequency response	100Hz – 20,000Hz

PRECAUTIONS FOR USE

- Place your speakers on a flat surface, to avoid the risk of the speakers falling.
- Never open up your speaker system, as you risk damaging its internal components.
- This speaker system is intended for use in a temperate environment.
- To prevent the risk of fire or electrical discharge, keep your speaker system away from:
 - rain or humidity, as well as all fluids (water, chemical products or any other liquids),
 - sources of heat such as heaters and radiators, stoves or any other heat-producing devices (including amplifiers),
 - direct sunlight.
- Do not expose your speaker system to drips or splashes of water.
- Never place any object filled with liquid (a glass, vase...) on your speaker system.
- Disconnect the speaker system before cleaning. Use a damp cloth and avoid using aerosol cleaners.
- Attention: At full power, prolonged listening with headphones can result in damage to the user's hearing.
- Markings are located on the back of the speakers.

XPS 2.035 USB

TECHNICAL SUPPORT

If you encounter a problem with your product, please go to <http://ts.hercules.com> and select your language. From there you will be able to access various utilities (Frequently Asked Questions (FAQ), the latest versions of drivers and software) that may help to resolve your problem. If the problem persists, you can contact the Hercules products technical support service ("Technical Support"):

By email:

In order to take advantage of technical support by email, you must first register online. The information you provide will help the agents to resolve your problem more quickly.

Click **Registration** on the left-hand side of the Technical Support page and follow the on-screen instructions.

If you have already registered, fill in the **Username** and **Password** fields and then click **Login**.

WARRANTY INFORMATION

Worldwide, Guillemot Corporation S.A. ("Guillemot") warrants to the consumer that this Hercules product will be free from material defects and manufacturing flaws for a period of two (2) years from the original date of purchase. Should the product appear to be defective during the warranty period, immediately contact Technical Support, who will indicate the procedure to follow. If the defect is confirmed, the product must be returned to its place of purchase (or any other location indicated by Technical Support).

Within the context of this warranty, the consumer's defective product will, at Technical Support's option, be either repaired or replaced. Where authorized by applicable law, the full liability of Guillemot and its subsidiaries (including for indirect damages) is limited to the repair or replacement of the Hercules product. The consumer's legal rights with respect to legislation applicable to the sale of consumer goods are not affected by this warranty.

This warranty shall not apply: (1) if the product has been modified, opened, altered, or has suffered damage as a result of inappropriate or abusive use, negligence, an accident, normal wear, or any other cause not related to a material defect or manufacturing flaw; (2) in the event of failure to comply with the instructions provided by Technical Support; (3) to software not published by Guillemot, said software being subject to a specific warranty provided by its publisher.

ENVIRONMENTAL PROTECTION RECOMMENDATION

At the end of its working life, this product should not be disposed of with standard household waste, but rather dropped off at a collection point for the disposal of Waste Electrical and Electronic Equipment (WEEE) for recycling.

This is confirmed by the symbol found on the product, user manual or packaging.

Depending on their characteristics, the materials may be recycled. Through recycling and other forms of processing Waste Electrical and Electronic Equipment, you can make a significant contribution towards helping to protect the environment.

Please contact your local authorities for information on the collection point nearest you.
